## **Johnny Walker**

Johnny Walker is one of the most popular scotch brands in the world with a history that goes right back to 1820 in Scotland. You can try any one of these blends available here at Jim's:

Johnny Walker Black Label - Draws upon malts from all over Scotland to create one of Scotlands most popular whiskeys (It's great value if you want a premium scotch at a non-premium price).

Johnny Walker Green Label - Matured for 15 years and made from carefully selected malts from all four corners of Scotland.

Johnny Walker Blue Label - One of the rarest scotches in the world, made with powerful flavours with each bottle individually numbered. (It comes at a price, but is well worth it).

We also have Johnny Walker Gold Label and Platinum Label for unique and premium tastes.
