

Sauvignon Blanc

Are you after a taste of one of the biggest selling white wines in the world? If you say yes, then Sauvignon Blanc - often described to have an elegant, fresh and crisp taste - is just the wine for you.

Most of our Sauvignon Blanc comes from the Marlborough Wine Region in New Zealand, where the unique conditions makes it one of the most highly rated Sauvignon Blanc's in the world. We also have Sauvignon Blanc from Adelaide Hills where it's known for its specialized "grassy" flavors.

You can also try Sauvignon Blanc Semillon, a blend of two amazing wine varieties that create a special taste.

Here at Jim's we have all your favorite Sauvignon Blanc online at amazing prices and for a range of budgets. The best thing for you is that this fine wine can be delivered right to your front door.
